SUBJECT: Reserve Officers Training Corps (ROTC) Procurement Resources Report

References: (a) Comptroller of the Department of Defense Report, "Office of the Secretary of Defense, Operation and Maintenance Overview," annual edition

(b) Comptroller of the Department of Defense Memorandum, "Budget Guidance", annual issuance

(c) Section 2110(a)(2) of title 10, United States Code

(d) DoD Directive 1350.2, "The Department of Defense Military Equal Opportunity Program," December 23, 1988

A. PURPOSE

This Instruction establishes policy, assigns responsibilities, and prescribes procedures for the reporting of Service ROTC resource data.

1. Provides single-source guidance for the accounting of all resource costs which support a ROTC program.

2. That information is required for preparation of congressional testimony by the Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)) and to respond to congressional inquiries about DoD resources for military officer accession programs.

3. The need for such standardization has been noted by the General Accounting Office and the Congress.

B. APPLICABILITY

This Instruction applies to the Office of the Secretary of Defense and the Military Departments (including their National Guard and Reserve components). The term "Military Services," as used herein, refers to the Army, the Navy, the Air Force, and the Marine Corps.

C. DEFINITIONS

Terms used in this Instruction are defined in enclosure 1.

93-21097

D. POLICY

It is DoD policy to use the most cost-effective resources in providing training and education for ROTC cadets. To support the planning, programing, and budgeting process, and/or budget execution process, the Services shall report annually accurate, consistent, and complete cost information identified with their ROTC programs. Information submitted to the Office of the Assistant Secretary of Defense (Force Management and Personnel) (OASD(FM&P)) which is commensurate with the current President's Budget shall be considered the official costs, and shall be the basis for responding to congressional as well as public inquiries.

E. RESPONSIBILITIES

1. The <u>Assistant Secretary of Defense (Force Management and Personnel)</u> shall:

a. Administer this Instruction through a request for annual submission of resource reports from the Military Departments within 30 days after the President's Budget has been submitted to the Congress.

b. Ensure that the Military Departments comply with requirements through certification of inputs for consistency and completeness.

c. Provide additional guidance and/or clarification to the Military Services, as necessary, for their data submissions.

2. The <u>Secretaries of the Military Departments</u> shall:

a. Develop within their existent organizational structure the capability to collect, maintain, and submit on specified formats information on resources used by the active force and the Reserve components in support of their ROTC programs.

b. Designate a focal point responsible for transmitting the requested information to the OASD(FM&P). The office so designated shall identify a liaison to provide clarification or explanation of data, if necessary.

c. Furnish, on request, to the OASD(FM&P) the completed forms in enclosures 2 through 7 of this Instruction.

d. Coordinate with the Assistant Secretary of Defense (Reserve Affairs) (ASD(RA)), on all ROTC input and data related to the commissioning of officers for immediate service in a Reserve Component of the Armed Services.

2

F.   PROCEDURES

1.   Generial. All resource information applicable to the
ROTC program in support of the active force and the Reserve
Components, defrayed under any DoD appropriation, is to be
reported on an actual or estimated basis. Resources to be
reported are those funded under the following:

    a.   Active and Reserve Military Personnel Accounts
(Service personnel, cadet subsistence, travel, and uniforms).

    b.   Operation and Maintenance (O&M) funds for supplies,
equipment, and facilities to include items provided on a reimbur-
sable or nonreimbursable basis by another organizational segment
of the reporting Service.

    c.   Procurement items (computers and systems, etc.).

2.   Reporting and Record Keeping. Minimum reporting and
record keeping requirements for resources identified with ROTC
programs are as follows:

    a.   The Army, the Navy, the Air Force, and the Marine
Corps shall submit annually individual reports on the costs and
budgets for their respective ROTC programs and, if applicable,
supplemental school programs. Although the Marine Corps does not
have its own ROTC program, it shall report those resources used
in support of the Naval ROTC program.

    b.   Reports developed for the OASD(FM&P) shall be con-
sistent with data in the current President's Budget request as
well as those amounts displayed in the Comptroller's Report
(reference (a)). All costs shown on the specified formats shall
be in current dollars for each fiscal year (FY) addressed.

        (1)   Within 30 days after the President's Budget has
been submitted to the Congress (about February 20th), the Ser-
vices shall annually submit data to cover 4 FYs:

            (a)   The previous FY finished (actual).

            (b)   The current FY.

            (c)   The budgets for the 2 forthcoming FYs.

        (2)   As specified on the formats, the following two
estimates shall be provided for the current FY:

            (a)   The current year's authorized request.

            (b)   The Services' best current estimate
consistent with costs submitted in the latest President's Budget.

DTIC QUALITY INSPECTED 1

c.   For each format in enclosures 2 through 7, fill in the applicable blanks identifying the active force or Reserve component supporting the ROTC program, date prepared, and FY reported.

d.   Projected and/or estimated inflation rates used in the computation of military pay, civilian pay, and the O&M shall be those provided annually in the Comptroller of the DoD Memorandum, "Budget Guidance", (reference (b)).

e.   Costs incurred in the conduct of multiple programs and consolidated under a single budget item shall be separated for reporting on the applicable formats. For example, if multiple officer programs (ROTC, academies, officer candidate schools and/or the officer training school) are accounted under one budget element (i.e., communications and/or automation), costs shall be allocated or prorated among the programs and reported under the appropriate heading. A prorated or allocated cost shall be shown with an asterisk denoting that the cost is an estimate rather than a specific amount for which records are maintained.

f.   Each Service (to include data for the Reserve Components) shall submit only those formats for which manpower or funds have been committed to an ROTC program and, if applicable, any supplemental programs in support of their ROTC program. Manpower resources shall be reported by the component in which the officer or enlisted personnel serve.

g.   If the total annual amount allocated to an individual cost category shown on the "Reserve Officers Training Corps Resources Summary Report" (DD Form 2609) is less than $500, it need not be reported under this requirement.

G.   INFORMATION REQUIREMENTS

The annual reporting requirements in paragraph F.2.a., above, is assigned Report Control Symbol DD-FM&P(A)1874.

H.   EFFECTIVE DATE AND IMPLEMENTATION

This Instruction is effective immediately. Forward one copy of implementing documents to the Assistant Secretary of Defense (Force Management and Personnel) within 120 days.

DEFINITIONS

1. **Military Personnel Appropriation and/or Reserve Personnel Appropriation.** Those costs associated with pay and allowances for military personnel involved with ROTC programs that are accounted for under Military Personnel Appropriations (MPA) and/or the Reserve Personnel Appropriations (RPA). If applicable, include National Guard Personnel Appropriations with the Reserve Personnel Appropriations. The costs requested include pay and allowances for active duty personnel, Reserve personnel assigned to full-time duty (i.e., Active Guard/Reserve status on active duty or full-time National Guard duty), personnel in the Selected Reserves, and personnel in the Obligated Reserve Section (to include cadets and midshipmen).

    a. **Staff and/or Support Personnel.** The total amount of pay and allowances to include retirement accrual for officers and enlisted personnel assigned to permanent duty and for temporary duty in support of the ROTC program.

        (1) Pay and allowances to military personnel assigned administrative responsibilities and duties at field and/or regional organizations as well as higher headquarters.

        (2) Pay and allowances to military personnel assigned to operational units (colleges and universities) to include instructors as well as support personnel.

        (3) Reserve personnel using man-day spaces (Active Duty for Training or Active Duty for Special Work) in support of ROTC courses, field training, and summer camp sessions.

        (4) Pay and allowances to military personnel engaged in the basic and advanced training of ROTC cadets.

For that requirement, military pay of active force and Reserve personnel should be computed using an established Composite Standard Rate Schedule (which includes basic pay, retired pay accrual, Basic Allowance for Quarters, Permanent Change of Station, Incentive, Special Pay and misc.) for officers and enlisted personnel based on an average workyear cost. Military pay for Reserve personnel may be computed using a composite standard rate for officer and enlisted Reserve personnel or a force structure rate (i.e., number of personnel times average rate for grade).

    b. **Cadet Pay.** The total amount of pay and allowances paid to both scholarship and nonscholarship cadets attending summer camp and field training (to include funds to any Advanced Training Program).

    c. **Cadet Subsistence.** The total amount for all subsistence

allowances provided to both scholarship and non-scholarship cadets during the academic year. Specifically, the monthly allowance provided to cadets enrolled in the basic and advanced courses, and payments for subsistence while at summer camps and field training.

    d. <u>Cadet Travel</u>. The total amount paid to cadets for all travel costs whether as a direct payment or on a reimbursable basis. It is the total of funds provided for ROTC students to and from summer camp and field training as well as initial travel for scholarship cadets to the educational institution and upon discharge from the ROTC program.

    e. <u>Cadet Other</u>. The total of all remaining costs (not in definition 1.a. through 1.d.) paid to cadets under the heading of "Active or Reserve Military Appropriations" account. That heading would include uniform expenses both issue-in-kind and commutation costs.

2. <u>Operation and Maintenance (O&M) Appropriations</u>. Those costs in support of the ROTC program which are accounted for under the DoD heading of "Operation & Maintenance (O&M) Appropriations" to include funding for the Reserve and/or Guard (i.e., Operation & Maintenance Army Reserve (OMAR)).

    a. <u>Civilian Pay</u>. O&M funds for direct hire civilian personnel assigned to duties supporting military officer procurement for the ROTC program. That category would include civilian manday spaces in support of basic or advanced training to include the proration of facilities support and overhead personnel. It includes O&M funds for civilians in field and/or regional organizations as well as those at higher headquarters whose principal functions are to support the ROTC program.

    b. <u>Travel</u>. The total amount for travel expenses by military personnel and civilians in support of the ROTC program. Do not include cadet travel costs (item 1d).

    c. <u>Advertising</u>. O&M funds expended on national and local recruitment advertising in support of the ROTC program. Those include not only funds expended for media time, but contractor management and production costs (e.g., contractor labor, overhead, and administrative) associated with the acquisition of such media. Additionally, it includes funds expended on promotional materials, advertising research, sales report literature, printed materials, direct mail, list purchases, and miscellaneous expenses associated with advertising.

    d. <u>Audio and/or Visual Items</u>. O&M funds expended for audio and/or visual supplies and services paid for either on a direct or a reimbursable basis. Additionally, it would include the cost for any art or display work performed by a contractor.

e. <u>Computers (Automation)</u>. O&M funds expended on computer systems designed to manage or account for ROTC cadets to include the management of items in support of the ROTC program. The cost of in-house development and/or purchase of software to include support programs such as models, databases, or utilities. Provide costs for systems utilized in administration or training seat (reservation) programs. Further, add costs of telecommunications equipment and dedicated data links for computer systems. If telecommunication lines cannot be separately identified for computer support, then include costs with communication costs.

f. <u>Communications</u>. O&M funds expended for telephone calls, purchase of telecommunication equipment and the cost of any leased lines. Included in that resource category are funds for commercial, Federal and military charges, and the acquisition of leased communication systems.

g. <u>Scholarships</u>. O&M funds expended for ROTC scholarships to include tuition costs, academic books, laboratory fees, and other related expenses accounted for under that heading.

h. <u>Education Skills</u>. O&M funds expended on the educational training of ROTC cadets to include supplemental instruction courses (i.e., enhancement of English skills, and basic training skills, etc.).

i. <u>Advanced and/or Basic Camp Costs</u>. O&M funds expended in support of basic or advanced training sessions to include any identifiable base operations costs, training camp overhead, additional contractual support, and operating supplies and equipment.

j. <u>Real Property Maintenance</u>. O&M funds for Real Property Maintenance to include utility costs associated with buildings on military installations. Do not include the cost of capital equipment over $15,000 nor engineering projects costing in excess of $200,000.

k. <u>Other (ROTC Support)</u>. O&M funds for all other expenses (not in definition 2.a. through 2.j.) used in support of the ROTC program. That would include funds for the following:

    (1) Operating and maintaining vehicles and aircraft.

    (2) Office supplies and equipment.

    (3) Miscellaneous contractual support for operational units as well as higher headquarters.

    (4) Postal costs to include use of automated stamp machines paid for directly or on a non-reimbursable basis.

(5)   Other cost categories used in support of the ROTC programs that are procurred using O&M appropriations (i.e., professional development courses for staff, fuel costs, shipment charges, and miscellaneous expenses).

3.   **Procurement Appropriations.** Those costs associated with the procurement or purchase of equipment costing less than $15,000 which are used in direct support of the ROTC program. It includes items procured for colleges, field and/or regional organizations as well as higher headquarters.

   a.   **Computers (Automation).** The purchase of micro-, mini- or main-frame computers whose function is support of a ROTC program. In addition, the purchase of hardware or other machinery falling within the regulations which govern procurement funds (not in definition for paragraph 2.e.).

   b.   **Equipment.** The use of procurement funds for the purchase of equipment or any other machinery used in direct support of the ROTC program.

   c.   **Supplies.** The use of procurement funds for the purchase of supply items used in direct support of a ROTC program (not in definition for paragraph 2.j.).

4.   **Cadet Study Majors.** Cadet classification by majors shall be limited to the following eight categories:

   a.   **Engineering.** Those cadets who are enrolled in an engineering curriculum (i.e., aeronautical, industrial, mechanical, civil, etc.) for their major field of study.

   b.   **Physical Sciences.** Those cadets who are enrolled in a curriculum which leads to a degree in any of the physical sciences (i.e., astronomy, chemistry, physics, etc.) for their major field of study.

   c.   **Pharmacy.** Those cadets who are enrolled in a curriculum which leads to a degree in pharmacy as the major field of study.

   d.   **Nursing.** Those cadets who are enrolled in a curriculum which leads to a degree in nursing as the major field of study.

   e.   **Biological Sciences.** Those cadets who are enrolled in a curriculum which leads to a degree in any of the biological sciences (i.e., botany, zoology, biology, etc.) as the major field of study.

   f.   **Social Sciences and/or Humanities.** Those cadets who are enrolled in a curriculum which leads to a degree in either the humanities (i.e., literature, art, philosophy, etc.) or social

sciences (i.e., economics, anthropology, psychology, etc.) as the major field of study.

    g. <u>Business</u>. Those cadets who are enrolled in a curriculum which leads to a degree in any of the areas of business (i.e., accounting, marketing, finance, etc.) as the major field of study.

    h. <u>Other</u>. Those cadets who are enrolled in a curriculum not previously defined (paragraphs 4.a. through 4.g., above).

COMPLETION INSTRUCTIONS FOR DD FORM 2610
"RESERVE OFFICERS TRAINING CORPS MANPOWER DATA"

For each Service, display all military and civilian personnel involved in either direct or indirect support of the ROTC program. Each Military Service (to includes its Reserve Component) should reflect end strengths, workyears, and military pay with the cost of retirement accrual. Military pay should be shown in thousands of dollars reflecting a standardized cost for enlisted pay and officer pay based on an average workyear. For civilian personnel, show only standard compensation costs.

1. **Headquarters Level**. All personnel and costs associated with Headquarters activities.

    a. **Officers (Active)**. Display end strengths, work years, and compensation associated with all active duty military officers assigned at the Headquarters or similar activities responsible for the immediate direction of ROTC operations. Do not include officers assigned to general staff or similar activities whose primary function is policy guidance or whose responsibilities are split among major officer acquisition programs.

    b. **Officers (Reserve components)**. Display end strengths, work years, and compensation associated with all Reserve component officers funded under the active or Reserve personnel appropriations on active duty tours or utilizing manday spaces while assigned at Headquarters or similar activities responsible for the immediate direction of ROTC operations. Do not include officers assigned to general staff or similar activities whose primary function is policy guidance or whose responsibilities are split among major officer acquisition programs.

    c. **Enlisted**. Display military end strengths, work years, and compensation associated with all enlisted personnel assigned at the Headquarters or similar activities responsible for the immediate direction of ROTC operations. Do not include enlisted personnel who are assigned to general staff or similar activities whose primary function is developing policy guidance.

    d. **Civilians**. Display civilian end strengths, work years, and compensation associated with all civilian personnel assigned at the Headquarters or similar activities responsible for the immediate direction of ROTC operations. Do not include civilian personnel assigned to general staff or similar activities whose primary function is developing policy guidance.

2. **Field and/or Regional Level**. Display all personnel and compensation associated with the administrative support and supervision of ROTC programs at the brigade, area, or group

echelon. That level includes all personnel and costs below the Headquarters level, but above the unit level.

    a. <u>Officers (Active)</u>. Display all military officer end strengths, work years, and compensation costs associated with the administrative support and supervision of ROTC programs below the Headquarters level, but above the unit echelon (college level).

    b. <u>Officers (Reserve Components)</u>. Display all Reserve officer end strengths, work years, and compensation costs associated with the administrative support and supervision of ROTC programs below the Headquarters level, but above the unit echelon (college level).

    c. <u>Enlisted</u>. Display all military enlisted personnel end strengths, work years, and compensation costs associated with the administrative support and supervision of ROTC programs below the Headquarters level, but above the unit echelon.

    d. <u>Civilian</u>. Display all civilian personnel end strengths, work years, and compensation costs associated with the administrative support and supervision of ROTC programs below the Headquarters level, but above the unit echelon.

3. <u>Operating Unit (College and/or University)</u>. All enlisted and officer personnel involved with the actual instructing or day-to-day operations of a ROTC program.

    a. <u>Instructors (Active)</u>. Display the end strengths, work years, and compensation costs associated with all active duty officers who are assigned as instructors to a ROTC unit.

    b. <u>Instructors (Reserve components)</u>. Display the end strengths, work years, and compensation costs associated with all Reserve officers who are assigned as instructors to a ROTC unit.

    c. <u>Support (Active-Officers)</u>. Display the end strengths, work years, and compensation costs of active duty officers who provide direct support to ROTC cadets.

    d. <u>Support (Reserve Component-Officers)</u>. Display the end strengths, work years, and compensation costs for all Reserve Component officers on active duty or utilizing man-day spaces to provide direct support to ROTC cadets.

    e. <u>Support (Enlisted)</u>. Display the end strengths, work years, and compensation costs of enlisted personnel who provide direct support to ROTC cadets. That category includes enlisted personnel workday spaces (converted to workyears), as well as full- and part-time personnel.

f. <u>Support (Civilians)</u>. Display the end strengths, work years, and compensation costs of civilian personnel who provide direct support to ROTC cadets. That category includes civilian workday spaces (converted to workyears), as well as full- and part-time personnel.

4. <u>Training Skills</u>. Display all personnel and compensation associated with direct involvement with ROTC cadets to provide basic and advanced training during summer sessions. For this category use workday spaces (converted to workyears) when accounting for less than full- and part-time personnel.

a. <u>Officer (Active)</u>. Display end strengths, workyears, and compensation costs for all full- and part-time military personnel having direct involvement with the ROTC program who have not been accounted for previously. For consistency, request that workday spaces be converted to workyear figures.

b. <u>Officer (Reserve Components)</u>. Display end strengths, work years, and compensation costs for all full- and part-time military personnel having direct involvement with the ROTC program who have not been accounted for previously. For consistency, request that all workday spaces be converted to workyear figures.

c. <u>Enlisted</u>. Display end strengths, work years, and compensation costs for all full- and part-time military personnel having direct involvement with the ROTC program who have not been accounted for previously. For consistency, request that workday spaces be converted to workyear figures.

d. <u>Civilian</u>. Display the end strengths, work years, and compensation costs of civilian personnel having direct involvement with the ROTC program who have not been accounted for previously. That category includes civilian workday spaces (converted to workyears), as well as full- and part-time personnel.

5. <u>Other Support</u>. All other personnel and compensation associated with the indirect support of a ROTC unit not accounted for previously. It would include personnel assisting operational units (colleges and universities) as well as those used in support of basic and advanced training during summer camp and/or field training sessions. If necessary, for that category use workday spaces (converted to workyears) when accounting for less than full- and part-time personnel.

a. <u>Officer (Active)</u>. Display end strengths, work years, and compensation costs for all full- and part-time military personnel performing indirect support for ROTC units who have not been accounted for previously. For consistency, request that workday spaces be converted to workyear figures.

b. **Officer (Reserve Components)**. Display end strengths, work years and compensation costs for all full- and part-time military personnel performing indirect support for ROTC units who have not been accounted for previously. For consistency, request that workday spaces be converted to workyear figures.

c. **Enlisted**. Display end strengths, work years and compensation costs for all full- and part-time military personnel performing indirect support for ROTC units who have not been accounted for previously. For consistency, request that workday spaces be converted to workyear figures.

6. **ROTC Manpower Totals**:

a. **Military Personnel Totals**. Display the sum of end strengths, work years, and compensation costs (paragraphs 1.a., 1.b., 1.c., 2.a., 2.b., 2.c., 3.a. through 3.e., 4.a., 4.b., 4.c., 5.a and 5.b.). This total should be the same as shown for military pay on the "RESERVE OFFICERS TRAINING CORPS RESOURCES REPORT" (paragraph 1.a.) on page 2-1.

b. **Civilian Personnel Totals**. Display the sum of end strengths, work years, and compensation costs (paragraphs 1.d., 2.d., 3.f., 4.d., and 5.c., above). That total should be the same as shown for civilian pay on "RESERVE OFFICERS TRAINING CORPS RESOURCES REPORT" (paragraph 2.a.) on page 2-1.
